YOUR STRATEGIC PARTNERS IN A WORLD OF BUSINESS VOLATILITY

In this economic landscape marked by volatility, uncertainty, complexity and ambiguity, businesses must navigate a variety of bottlenecks in order to thrive. As a leading chartered accountancy firm committed to client excellence, Verendra Kalra & Co. is focused on clearing these bottlenecks and offering you strategic clarity and business guidance.

Our vision, "To be the most admired and respected firm in the industry, in the scale and size, wherein we operate" reflects our aim to not only help you kick start your businesses and also scale up and run it sustainably in the long term.

Led by Managing Partner Mr Verendra Kalra, who has almost 30 years of professional experience in the sector, and backed by industry experts on the partnership board, we are a well-established and growing multi-disciplinary team of more than 75 personnel. We reach beyond conventional accounting and financial services to consult with you on business matters ranging from systems optimisation to opportunity evaluation.

EXPLORE OUR SERVICES

Volatile markets, changing guidelines, ever-evolving cross-border regulations - your diverse business concerns can be addressed by our range of core services that go beyond traditional accounting services to include financial advice on systems optimisation, increasing efficiencies, evaluating opportunities and improving transaction outcomes. Together, our offerings deliver multi-disciplinary support and solutions to our clients.

Assurance services

Our assurance service professionals offer audit and advisory services to address critical financial and reporting issues and assist in achieving your business objectives, managing risk and improving business performance.

Taxation services

Our team of tax consultants stay abreast of evolving regulations, administrative changes and current events and information on global and Indian tax regimes impacting business and offer advice to navigate the ever-changing landscape.

Corporate law services

We offer advisory services in corporate structuring, incorporation processes, and compliance for large corporate groups, subsidiaries of foreign companies, Small and Medium Enterprises (SMEs), Limited Liability Partnerships (LLPs) and more.

Consulting services

We use our business, functional and technical skills to analyse your organisational needs, processes and culture. Based on this study, we conceptualise and design applications that help you pivot towards winning business objectives and strategies.

Financial advisory

Our financial experts carry out extensive research and leverage their expertise to deliver the best financial advice and guidance for your specific needs, no matter which industry or geographical market.

Foreign exchange regulation services

We offer tailored advisory for cross-border transactions and investments, assuring compliance with Foreign Exchange Management Act (FEMA) to Non-Resident Indians (NRIs), corporates and other legal entities.
